VOLUME 34 — FRIDAY MAY 16th 1941. — NUMBER 3

Magazine & Scrap Iron Drive Good Success

A couple of trucks were busy for a long time Saturday afternoon gathering up papers, magazines, rags, scrap iron and what not from all over the town. By the time the drive was finished in the evening the room at King Motors had a huge pile there to be sorted over and shipped out for the making of bombs, shrapnel and what not for Canada's war effort.

Assisted by the Boy Scouts and a number of men the trucks canvassed from house to house picking up what had been put for the drive. We have no idea the number of pieces gathered in, but C. W. Brewerton, Raymond old timer had over 1,000 magazines in his collection, including every issue of one of the leading magazines from the first one of the first volume. In the event that some have materials still to donate, we are sure that a phone call to Lloyd MacPhee or Lee Brewerton, would be much appreciated and would result in the material being picked up. We are not finished on this drive until everything from everybody has been picked up.

SCHOOL FAIR COMMITTEE NAMED

A meeting of the School Fair Board and the Parent-Teacher's Association was held in the Town Hall, May 9th, when committees for the School Fair were named:

General Chairman — Athol Cooper.

Hobby Show and Amateur Hour—Mrs. Delia Woolf.

Display Work—Miss Arminto Kearl.

Livestock—Milo C. Vance.

Publicity— Mrs. T. W. Meldrum.

Refreshments — Mrs. J. O. Turner.

The School Fair is scheduled for Thursday, September 11th, and again this year the merchants and business men of the Town are donating for prizes.

If arragements can be made a Softball Tournament and a Track Meet will be held the same day as the School Fair. Parents are asked to co-operate with and encourage their children in making the School Fair the success it should be.

("Scotty") Blair, caretaker at the Town Hall grounds, is certainly to be complimented on the inviting appearance of the ground at the present time, not withstanding an infestation of dandelions.

Timely Rain Storm

During the past week we have had an inch of rainfall, which is very timely and most welcome, coming as it did when most of the wheat and beets were seeded, and things getting to the point where rain was needed, and this storm came just in time.

Beets had just come up nicely and thinning had commenced in a few fields, wheat had the ground nicely covered and looked healthy and green. The wind storm of the first of last week didn't seem to do quite as much damage as was at first feared, and crops, gardens, beet fields and all are coming out nicely now after the rain. Hay fields and pastures will benefit greatly by it, and native grass is reported to be exceptionally fine for this time of the year.

The bright sun Thursday morning was drying roads and walks nicely and everyone was ejoying the beauties of spring and the bright, warm sunshiny day.

INTERESTING ROTARY MEETING

Monday's Rotary Meeting was very interesting and was attended by Messrs. George D. Pyper, Tracy Y. Cannon and N. L. Mitchell all of Salt Lake City who had been here in attendance at Conference, and all contributed to the program. Piano solos by Messrs. Mitchell and Cannon and a song and reminesences of his association with the Salt Lake Theatre and many of the notable actors and productions that were staged there by George D. Pyper. These contributions, together with singing by the club with Roi Stone at the piano made a very interesting program.

President Frank Taylor announced that the ladies night program an annual feature of the club would be in Lethbridge at the Bowladrome Wednesday night.

COUNCIL IN REGULAR SESSION

The Town Council met in reular session Monday night and most of the time was occupied by routine business, the passing of the payroll and so on.

Lawn water for the summer was set at $3.00 for the season the same as last year, and upon payment a schedule of hours will be given.

According to present arrangement renters of property on which taxes are in arrears are required to pay their rents into the Town until taxes are paid Several letters of protest were received regarding this matter, but the arrangements will stand. The town would like to get all these taxes paid up and then kept up to date.

War Service Drive Fund Canvassers

The central committee of the War Services Fund Drive campain are desirous of completing their reports and ask that those who have charge of districts in the town complete their canvass and get their reports in.

From reports of what districts have been covered the drive is receiving very good support and those in charge of districts not yet canvassed are asked to please complete their work as soon as possible and hand in their sheets.

NEWS NOTES

Gordon Brewerton was a Raymond visitor Thursday.

I. Hironaka returned Friday evening after an extended visit in his native land. He is looking well and appears very happy to get back to Southern Alberta.

We are waiing now to hear of the first radishes and lettuce gathered from local gardens. From the warm days we imagine it won't be long.

The Country Editor comes on now at 7:15 a.m., Mondays, Wednesdays, and Fridays. The Raymond Recorder sha[illegible] program, tune in occasionally. See what they have to say.

LAC Henry, 21 years of Edmonton, training at the Kenyon Airfield was killed near the Gladstone Balderson farm north of Magrath. He was flying solo at the time and was dead when rescuers reached the plan. An official investigation is being conducted. The accident occurred Tuesday.

Massed Choirs At Conference

The regular Quarterly Conference of the Taylor Stake of Zion was held in the Stake House, Saturday evening and Sunday with large attendances featuring every session. The first meeting Saturday night featured a model Welfare Group meeting and was conducted by Bishop J. O. Hicken of the Raymond 1st Ward who met with this group and asked members of the committee for reports on completed projects and plans for the future. Elder Winfred Litchfield recently returned from the Canadian mission gave a short talk on "The Calling and Responsibility of a Seventy." Elder Joseph Fielding Smith, representing the General Authorities from Salt Lake City preached a clear and forceful sermon on the sacredness and responsibility of Priesthood, and urged all present to study and become familiar with their responsibilities in their Priesthood quorum and then to teach those who may be neglectful, of the wonderful opportunity for service their priesthood offered them.

Bishop A.D. Erickson of Stirling and three of his boys, with his daughter at the piano rendered a male quartette.

SUNDAY MORNING

When the Sunday morning meeting was called to order, the massed Choirs of the Stake, numbering over 200 singers were grouped on the stage, and thru out the three sessions of Sunday rendered a lovely program of anthems, enjoyed by every person present, and commented on very favorably by all the speakers. The purpose behind the Festival singing is to improve all the voices in all the Ward Choirs in the Stake, rather than to have a Stake Choir which sings only a few times yearly, and at times takes the best voices out of the Ward Choir for is membership. During Sunday when the massed Choirs sang, the different Ward Choristers assisted in conducting, so all had participation in the programs.

The first choir number Sunday morning was "Oh Divine Redeemer" and was conducted by Ira McBride, Raymond 1st Ward Chorister.

Pres. T. Geo. Wood welcomed the audience to the Conference and expressed his joy at being able to labor in the work of the Church. He paid tribute to "Mother" this being Mother's Day and urged all to live worthy of the love and devotion shown for all of us by mother.

Elder Tracy Y. Cannon, Chairman of the Church Music Committee who was present to participate in the Conference, played an organ solo 'Oh My Father' and then bore his testimony and spoke of the advancement of good music in the Church and said that the leaders felt that good music was a great influence for good on the lives of the people and that was why the Festival singing was encouraged.

The massed Choirs then sang "Come, Came, Ye Saints" with Wayne Matkin of the Magrath First Ward conducting. Pres. M. T. King, who had charge of the meeting thanked the Choristers and organists of the Stake and ward for their efforts in preparing this fine festival of music. Elders Bruce Heggie and Chas. Aekroyd, who had recently returned from the foreign mission field, bore their testimonies and expressed their joy for the privileges they had enjoyed in missionary work.

Mrs. Wayne Matkin sang the 23rd Paslm.

Elder Geo. D. Pyper, General Superintendent of Church Sunday Schools, sang a solo "The Waiting Time" and bore his testimony, expressing his joy at being present and the wonderful blessings and privileges he had enjoyed through his work in the Church. He paid tribute to his mother, whom he said was acquainted with the prophet Joseph Smith, and had heard his personal testimony regarding this work.

Elder N. L. Michell referred to his experiences while living in Raymond and teaching here, and said that Raymond was still home. He paid tribute to mothers, and thanked all who had helped him. Speaking of music and the high standard of vocal and instrumental music in this Stake he thanked those organists and choristers who had contributed so much in the early years of the Stake's history and whose untiring efforts in the past had assisted so much in the accomplishments of today.

Elder Joseph Fielding Smith spoke very briefy, paying tribute to Motherhood, and in referring to music, said he deplored today's trends in music, and hoped that all lovers of good music would work to raise music al standards to the point where music that elevates and inspires would be given its rightful place.

The closing song was "The Spirit of God Like a Fire is Burning" with Wayne Matkin conducting.

SUNDAY AFTERNOON

The Choir, directed by Jos. McLean of the Raymond 2nd Ward sang "For the Strength of the Hills," and after the prayer of the General Churh and Stake Authorities were presented by I. B. Roberts, Stake Clerk, and sustained by unanimous vote of the congregation. Elders Willis Taylor, Wayne Matkin, Bennett Rasmussen and Farrell Nelson, retured missionaries, reported on their labors, bore their testimonies and paid their tribute to Mother.

Elder Geo. D. Pyper sang a vocal solo and Elder N. L. Mitchell rendered an organ solo, and the Choir, with J. Orson Bridge of the Magrath First Ward conducting sang "I Waited for the Lord."

Eders Melvin T. King and H. F. Allen counselors in the Stake Presidency spoke briefly, bearing testimony to the truthfulness of the great Latter-Day work and expressing their appreciation of the diligence and faith of the membership and officials of the Stake.

Elder Joseph Fielding Smith spoke on Music, and the harmony rythmn and expression shown in all the creations of God. He spoke of the growth of music in the L.D.S. Church, from the day when Mrs. Emma Smith received the commandment to select hymns for the Church, to the present day when we had more hymns and anthems by our own authors and composers than we were able to use. Music should arouse a feeling of reverence and worship in people if it be suitable for church services, and he was sorry that all of our music did not do this, and urged those in charge of the music in our wards to see to it that music that did not harmonize with a Church services be discouraged.

Pres. Wood announced plans for the dedication of the Stake and Ward House on Sunday, June 29th, with two sessions planned, and a member of the General Authorities present to offer the dedicatory prayer.

"Praise the Lord" a composition of Tracy Y. Cannon was rendered as the closing number of the meeting with Mrs. Young of Stirling conducting.

In the evening meeting all of the four visitors addressed the congregation, and A. Frehlin Dahl of the Y.M.M.I.A superintendency in charge. Elder Joseph Fielding Smith gave a fine sermon on Prayer, and the other three bore their testimonies and spoke of their experiences and visits to various parts of the Church. W. C. Stone, Stake Mutual Chorister conducted the massed choirs for the singing in the evening meeting.

Ladies Night At Rotary Greatly Enjoyed

NEWS NOTES

Francom Selman of the Air Force stationed in Calgary, was home on a short leave Friday and Saturday of last week.

* * *

Mr. and Mrs. J. S. Jacobs of Mountain View, spent the week-end in Raymond with Mr. and Mrs. A. D. Cahoon and family.

* * *

Fred Ribalkin of Lethbridge, representative of the Savary and McKay advertising agency was a Raymond visitor on Sunday.

* * *

Beet thinning commenced Monday morning on the J. W. Evans farm just north of town. So far as we know these are the first beets to be thinned this year.

* * *

When the dam broke in Willis Creek, just south of Penticton, twenty-five fruit farmers and their families had to flee for their lives from their low lying farms below the dam. A 75 foot hole was broken thru the dam.

Miss Catherie Bennett, daughter of Mr. and Mrs. D. A. Bennett left on Monday for Salt Lake City, and after her training in the Missionary School will leave for Portland, to commence her missionary labors. We join with her many friends in wishing her success and happiness in her labors.

Hess Electrifies The World

Flying solo from Augsburg, Germany to a place near Glasgow, Scotland Saturday of last week, Rudolph Hess, No. 3 Nazi surprised the word by landing in his parachute as his plane cracked up, and being taken to hospital by British authorities where he was treated for a sprained or fractured ankle

His identity has been established, his sanity has been attested by competent physicians, but the world is still asking why? Officially there has been little said of the why of the flight Sir Ernest Bevin believes that Hess left Germany with the knowledge and consent of his chief, Hitler, and that somewhere in the set up there is a trick and plan of some sort. Premier Churchill has made no official statement as yet, and the world continues to wonder. Is Hess going to expose Hitler? Is Goering getting ready to head a split in the Nazi ranks? Was Hess amongst those to be rubbed out, These and a thousand other questions cannot be answered now. Hess is in Scotland a guest, or wants to be a guest of the Earl of Hamilton. Why? No one knows. He is being guarded closely, and if he has anything to say no doubt he will be given a hearing. In the meantime we wonder what is at the bottom of the whole thing.

The Raymond Rotary Club members and partners held a very enjoyable evening Wednesday night this week, in their annual Ladies night. Leaving Raymond at 7:30 p.m. the crowd, forty in all drove to the Bowladrome in Lethbridge where they appropriated five alleys and went into play, eight to an alley and everyone was in play for three full games Many were bowling for their first time, and despite low scores and numerous trips to the side ditch, everyone had a fine time and at 11 p.m. hot dogs, hamburgers and pop were served, and after that part of the crowd paired off and went to bowling again and part of them watched and a few came home. It was just 12 midnight when the last ones called it an evening.

In the opinion of all it was a very successful evening. Dr. Hall and R. J. Wells matched up the teams and arranged it so that no couple played together, and so all thru the night they were wondering how each other was getting along in their game. Those who were initiated into the game Wednesday evening suffered the usual stiffness from the newness of the game, but the enjoyment of the play more than offset this and everyone is anxious for another night of bowling. The Club executive supervised the lunch and its serving "We are not just sure yet which foursome won first honors but no one was seriously interested in this, as all were out for a good time and they had it. Let's have another one soon.

Pop Higgins of Claresholm, was a visitor in our fair city Thursday afternoon.

* * *

Jay Williams of the R.C.A who has been home on two weeks leave, is returning to his unit in Eastern Canada tonight. He looks well and has enjoyed his leave.

* * *

Mr. and Mrs. A.H. Zabriskie returned home Wednesday evening from a hurried trip to Provo, Utah, where they went to attend the funeral of Arnold's brother.

WOMEN'S INSTITUTE MEETING

The Raymond W. I. held their regular meeting at the home of Mrs. C. W. Lamb on May 8th with Pres. Mrs. F. G. Hall in the chair, and 16 ladies present. The meeting was opened by singing "O Canada" and the roll call was answered with current events, the minutes read and business discussed.

An interesting paper on "Home Economics" was given by Mrs. Frank Leavitt, a reading by Mrs. H. Stevens and resolutions to come up in May at the Conference were read and explained by Mrs. Frank Leavitt.

Enough knit blocks were turned in to Mrs. Wm. Paris by members for an afhgan for the Red Cross.

Committees were appionted to cover 1 section of the town to canvass for War Service Fund by Mrs. F. G. Hall.

The door prize donated by Mrs. F. Shaw was won by Mrs. B. Scoville, and birthday presents were given to Mesdames T. Allen and Miller, May being their birthday month.

Lunch was served by the hostess and the meeting closed by singing 'God Save Our King.'

The next meeting will be held June 12th at the home of Mrs. B. Scoville.

CANADA'S WAR LOAN

As we go to press, machinery is being oiled and put into slow motion preparatory to launching another big War Loan across the Dominion in the early part of June. This week's Recorder and succeeding papers will have large advertisements re the loan detailed what our Government is expecting of Canadians as loyal citizens and members of the great British Commonwealth of Nations in respect to this loan. We trust that every reader of his paper will read every word of these War Loan ads, and study them. We owe this much to our nation

While our English cousins are sleeping in shelters hearing screech of sirens the bursting of bombs and the rat a-tat-tat of machine gun fire; while they are viewing the wreckage of homes, the destruction of sacred and hallowed shrines around which English history for centuries has been made; we in Canada enjoy our sunshine and our showers. We bask in the safety of America the land of the brave and the free. We have the navies of Britain, the United States and Canada guarding us from the horrors of war and the claws of the German vulture. Just what are these blessings worth? How much does it mean that while Britain is riddled with bombs, her men women and children slaughtered and maimed for life, their every waking hour haunted by the fear of what may come tonight, or tomorrow, that we should carry on normally in every way having our entertainment, our freedom in every way, and best of all safety. Do we think of these things as often as we should?

Would you like to spend every other night as a watcher, an air raid warden, or manning some sentry post? Would you enjoy worrying every hour about the safety of your parents wife and children? Definitely not. Then if we appreciate the blessings we have, let us make the sacrifice in materials and money, that our fighting Canadians, Anzacs, Britons, Inrians and all those millions in England may feel that we are with them to the last.

We must fight to win we must win to live. When Canada calls for loans, let us respond to the best of our ability. If our banks or loaning institutions finance a bond, let's get it. Canada needs it. We need Canada, and if the security of the British Commonwealth is not guaranteed and secured then our investments, our homes, our traditions, history and all that spells Canada and freedom to us will be lost. Let us preserve the heritage that has made us what we are.

We print everything but money and stamps and sell all kinds of paper and paper products. Let us know your needs and we can fill them for you. Call in or phone 24.

THE PRESS AND THE CHURCHES

EDITORIAL NO. 4

One of the most easily misconstructed relationships in the publishing field is that between the newspaper and the churches in the community it serves. The newspaper man asks himself the question: "What should be my attitude toward the churches?" He endeavours to answer that question so that he will be fair both to the churches and to himself.

Churches sometimes assume the attitude that as they are supported solely by voluntary donations, and as they are a spiritual and moral force in the community, any publicity desired should be given without charge by the newspaper. Strangely enough the churches do not expect the same privilege from any other business or profession. It should be remembered at the outset that most publishers are church members, and that as individuals they are decidedly interested in the welfare of the church with which they are affiliated. They give regulary and as generously as their circumstances permit. They attend the various functions designed to raise funds for the continuance of the church's work. As such they must be considered as any other church member who is conscientiously striving to support the church and what it stands for.

While newspapers are more generous with space to churches than to other institutions, this is simply a recognition by the press of the premier place held by the church in the spiritual atmosphere in the community. However the church has no legal right to expect the press to give more generously than any individual church member. It is not expected of the man who sells the church fuel or the pubic utiities which serve the church. In larger centres it is not expected that the organist should give his services free, or that the caretaker should work without remuneration.

The press, we believe, will always recognize the position and value of the church in the community. It will realise that the community without the church would be like a rudderless ship, not knowing whence the tide of events and fortune might lead it. The press will continue to give service to the church as one important institution to another, but the church must also realise that to continue its service, not only to the church but to the community, the newspaper must have an income, and that income can only come from the space it sells in its columns. This same reasoning must apply to charitable organizations in the community. To them the publisher and the men and women who work for the pubisher give generously of their private means and of their time and talent. They too must prosper if they are to continue the support to the church, and all kindred organizations seeking to carry out an uplifting work in the community.

CANADA CALLS

Canada has reason to count her blessings in these days of trial.

Canada is three thousand miles away from the sound of guns which are devastating Europe.

The broad Atlantic Ocean rolls between us and the ruthless savagery of the German Armies.

The strongest fleets in the world — British, American and Canadian—patrol the sea between us and the enemy.

We have a great friendly nation, probably the richest and most powerful in the world, at our side.

CANADA CAN AFFORD HER SACRIFICES

This war is a mechanized war.

We have the nickel . . . copper . . . lead . . . zinc and other metals the war industries need. We have access to the iron. We can make the steel.

We have the organized industries to fabricate these metals and make the trucks, and tanks, and guns, and planes, and the ships.

We have skilled workers and the plants for mass production. Canada has the wheat and the food supplies.

Let us count our blessings, and tighten our belts.

Canada is rich—one of the richest countries per head of population in the world. Let us lend our strength to the utmost of our power. Our national future depends upon Victory.

We must win to live.

THERE WILL BE FURTHER CALLS

There have been many calls upon the people of this country for money since Canada entered the war at the side of Great Britain.

There will be further calls.

Let us face the future unafraid.

Canada can carry the load.

But every Canadian must shoulder his and her share.

This is the most critical hour in our history. Let the future historians say of Canada, as they will say of our Mother Country: "This was their finest hour."

Get under your load...and LIFT

WEEKLY LETTER

FEEDING THE LAWN

The maintenance of a thrifty and luxuriant lawn is based primarly on the combined use of fertilizers and a uniform soil moisture supply. The healthy dark green colour and dense turf of the lawns at the Lethbridge Experimental Station demonstrates this principle.

Fertilizing lawns at this Station is a simple procedure. It consists of applying barnyard manure in the late fall and harrowing down the lumps while they are still moist in the early spring. Soon thereafter they are raked with the idea of not only removing the excess strawy residue but rather to incorporate the short manure into the lawn. Somewhat later in the season commercial fertilizers are applied.

The time of application and the selection of commercial fertilizers depends largely on the condition of the grass. If the lawn is vigorous and healthy in the spring, ammonium phosphate is applied at the rate of 150 pounds per acre once during each month of May, June and July. However, if the grass is slow to grow in the spring or if it has been thinned out by the drying effects of the chinook winds during winter, the use of a nitrogen carrying fertilizer such as ammonium sulphate is recommended. This fertilizer is applied in late April at the rate of 200 pounds per acre. Its use promotes rapid root and top development and also imparts a dark green colour to the grass. Furthermore, when stimulted in this way, the grass quickly forms a dense turf and may thus crowd out young dandelions and other weed seedlings. Quite often a second application of ammonium sulphate is made in early June. To counteract the effects of nitrogen and to harden off the grass plants before the fall frosts occur, an application of ammonium phosphate is given about mid July.

Commercial fertilizers such as phosphate and sulphate of ammonia are caustic to vegetation and will burn lawn grass if they fall on the foliage. Therefore it is of considerable importance to water the lawn and wash the fertilizer into the soil soon after it is applied. Applying just before a rain or irrigation is a good practice.

Plants can make use of the food in the soil or in fertilizers only when they are supplied with adequate and uniform soil moisture. Hence a garden hose with an unlimited water supply is a boon, and flood irrigation facilities a blessing. However, regardless of the system of irrigation used, the fact that a long and thorough soaking is essenial, cannot be over-emphasized.

MORAL RE-ARMAMENT IN EAST LONDON

There's a street in East London that's going to be famous. Just now it is deserted. But for the last three years it has been the centre of a revolution. Miracles have taken place in it. And miracles are the most revolutionary events.

This is the story of the Oxford Group's work in that street and its spread throughout East London. It began four years ago, when a group of young men went to live in West Ham. They told the people that East London might inspire the nation. They said: "Workers, led by God, can remake the world." They chose a base camp for their operations. It was the lockerrooms of West Ham United Football Club. They gathered round them others—students, business men, workers — who slept with them in the lockerrooms. In the mornings they went off to work, and spent every evening with West Ham people. It meant for these young men a sacrifice in time and money. But it gave them discipline, and it was a preparation for the army life ahead of them. (Most of them have now been called up.) And they did succeed in training a group of East London men and women who have given great service to the country.

One of the recruits was a veteran dock hand agitator. He recalled the twenty-six times he had been in jail, and how he had taught his wife and family to hate. Then he thought of the things these fellows told him. "If you want to change the world, the right place to start is with yourself. . . . . Listen to God. He has a plan, and He can tell you what it is." He had never thought of God, but he decided to see if listening to Him worked. He listened. God said: "You want a new social order. Become, yourself, a unit in that order. You condemn unselfishness. Throw selfishness out of your own life. Give me a chance."

The change in this one-time agitator and a few others started the new spirit spreading from house to house, and from street to street. When war came its effect could be most fully felt. In five houses in a row the back-garden fences were pulled down. The Anderson shelters were erected end to end, so as to form one tunnel like dug-out. This was a morale-generating centre for the whole street. Neighbors would come in as much for encouragement as for shelter. Every nite, as the Luftwaffe thundered, they would sing, pray and listen to God together. Listening to God, they found, gave them fresh courage and energy for the day's work, however disturbed their night's sleep.

THE WORLD OF WHEAT

(By H. G. L. Strange)

Director, Research Department, Searle Grain Co., Ltd.

Last week, in this column, I argued that the present Canadian surplus of wheat had not been brought about, as many think, by an increase of wheat acreage by Canadian farmers, because I showed, the statistics reveal that world population during the past twenty years and the world's actual wheat consumpticon had increased to a greater extent than Canadian wheat acreage has expanded.

Why then, it might be asked, has a wheat surplus in Canada accumulated? For a very simple reason I find. It is that Canadian sales of wheat overseas have not kept pace with the world's increase in population, nor with the world's increased consumption of wheat. Canadian sales instead have greatly decreased during the past twenty years.

Why, it might be asked, should Canadian sales of wheat have decreased, while the world was steadily consuming more wheat each year? Because mainly of another most simple but pathetic fact, that the governments of the world, including Canada, raised tariffs and put hindrances in the way of our customers selling their own goods to us. So, therefore, goods being the only real money in the main that people have with which to buy things, as the importation of other peoples goods into Canada declined so have Canadian exports of wheat to those people in turn declined.

Following factors have tended to raise prices:— Unoccupied France is negotiating for large quantities of U.S. wheat—Canadian exports of wheat and flour for March amounted to 21.1 million bushels, the highest March shipments since 1929—Late wintry weather and war operations in the Balkans disrupt plans for increased seeding—Reports from Rumania indicate a serious shortage of foods.

Following factors have tended to lower price:— The U.S. winter wheat crop coninues to make progress under generally favorable conditions — Estimated wheat surplus for export to carryover in 1941 for Argentine, Australia and Canada totals 903 million bushels, compared with million last year—Exports of wheat and flour to the Orient have dropped off owing to a shortage of ocean tonnage.

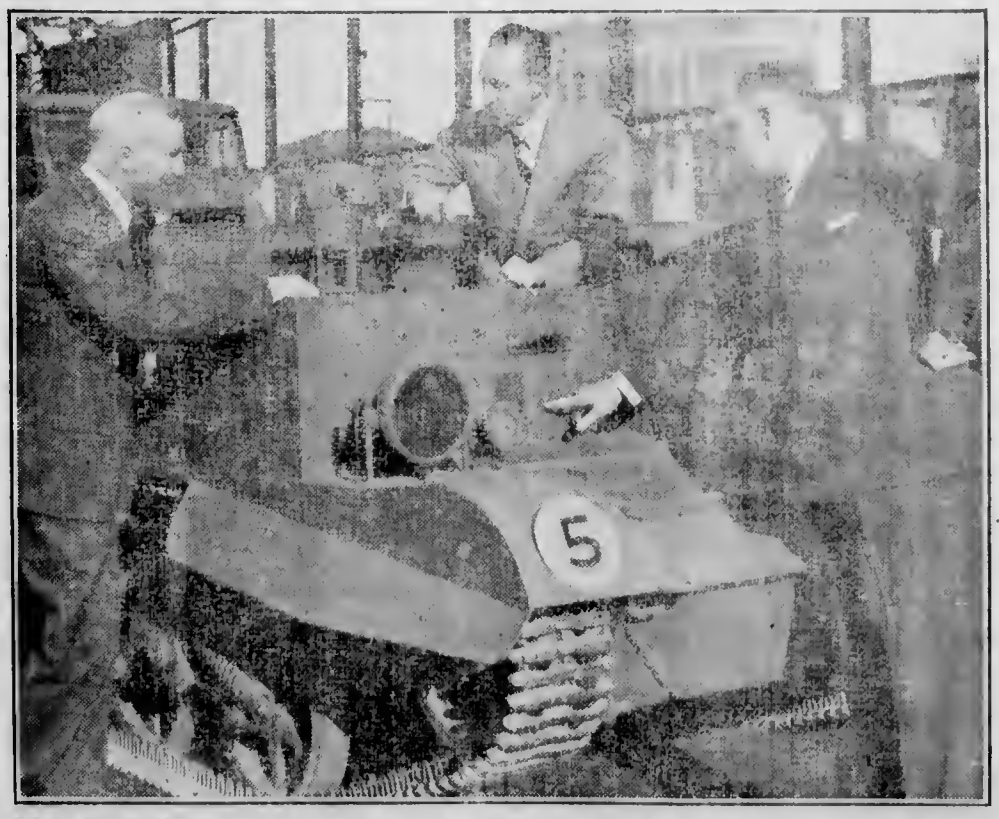
Edsel Ford Inspects Canadian War Machine



MR. EDSEL FORD, centre, inspects an Universal carrier produced in the Canadian Ford plant at Windsor, Ontario. Mr. Wallace R. Campbell, President of the Canadian company, is on the right, and Mr. George E. Dickert, Vice-President, on the left. Universal carriers are among the many different types of mechanical transport manufactured in the Windsor Ford plant. Since the war began the company has supplied more than 75,000 vehicles for military use to the governments of Canada, the United Kingdom and other Empire countries.

Raymond Mercantile
COMPANY LIMITED
"Where You Get More of the Best for Less"

Our sidewalks are not in a very satisfactory condition. An elderly lady turned her ankle and fell last week on Broadway. May we suggest, as a matter of safey, that if it could be done, a thin topping to smooth up the sidewalks may save the town some heavy expense.

J. Bott of the Industrial Relations Board of the Province was in Raymond on Tuesday of this week.

THEY SERVE WELL

When the present war is over there will be one group of citizens to whom Canada will owe gratitude, just as surely as she will owe a debt of gratitude to her armed forces. These citizens are men and women who are devoting their time and energies, day in and day out, to assist in the collection of monies which the country must have in order to carry out its war program.

Without remuneration, and in many cases at a severe sacrifice of their own personal interest these citizens rally to the cause of the War Savings Certificate, the Canadian War Services Fund and War Loans. They no sooner close one campaign when they must start in on another. With the February drive in behalf of War Savings yet to be completed, they switched their activities to the collection of money for the soldier services. Now they have gone back to continue the War Savings job. Next month, they will be preparing to sell War Loan Bonds.

These conscientious Canadians deserve much more thanks than they actually receive for the work they do. That would help a great deal to offset some of the rude rebuffs they get from some unthinking Canadians who are only being asked to contribute their share in the battle being waged for their protection.

These workers on the home front serve as emphatically as any other citizen in the country —their only compensation being the knowledge that they are carrying out a job that has to be done.

BABSON SEES PEACE IN '42

(Special to the Monitor)

Miami, Fla.—The fall of 1942 will see the end of the World War with a negotiated peace, according to Roger W. Babson, internationally famous statistician whose long range forecasts in the past have been almost uncanny in their accuracy.

During a visit to Miami, Mr. Babson, whose winter home is in Babson Park, Fla., said that after the negotiated peace he believes there will immediately be a boom of the magnitude of the 1929 boom, lasting until about 1950.

"By the fall of 1942, when England with American help, holds enough proxies in her pocket to sit at the head of the conference table, there will be a compromise peace for which all be ready. Germany will get something. England will have her empire. The United States will concentrate in the Western Hemisphere. Peace will be restored to Asia and Africa. Italy already the weak link, will grow weaker.

"I was in Europe at the start of the war and I predicted that 18 months from the outbreak of hostilities America would be shaping a policy of all-out aid to Britain. That happened. I now believe that in another 18 months this aid will be so termendous England will be trading blow for blow with Germany That's when the war will stop. Neither side will be stupid enough to go on and on until there is complete devastation and Russia steps in."

Mr. Babson believes that American convoys for American materials going to England are not far in the distance.—The Christian Science Monitor.

Sergt. Dyson informs us that recruits are wanted now for the home guard of Canada. Men from 18 to 45 will be accepted if they pass the examination. Boys who have signed up for home guard and if called up for the Air Force, may enter the the air force they could transfer immediately. Recruits in the home guard will be entitled to two weeks training in camp with pay during the summer.

VANCOUVER, B.C.

Today' traveller to Vancouver finds Hotel Grosvenor fits his or her needs best of all. Distinctly quiet and without a bar, you are assured a good night's rest. As you awake refreshed, you find the shopping business, financial & theatre districts right at the door. The rates are low—commencing at $1.50 and $2.50—and the hotel and dining room service is excellent.

Wheat Deliveries

Producers should carefully study the Government's 1941 Wheat Policy to determine which alternative will bring them the best returns.
It will be necessary for producers who wish to deliver their 1940 crop and collect farm storage to do so before August 1st, 1941, when the 1941 crop delivery quota becomes effective.

WORDS OF INSPIRATION

A Thought for a Day
For a People at War.

"Purim brings a message to the whole civilized world to remember that the modern Haman, Hitler, will also be soon brot to justice that his reign of terror will be removed."—Rabbi Nahum Schulman, speaking at Purim Services at the Shaar Hashomayim Synagogue, Windsor.

Fred Cook, employed at the Auxiliary Mental Hospital, fell from a ladder while painting in the boiler room last Friday night, breaking some of the bones in his heel and possible injuries to the back. He was taken to the Lethbridge Hospital for a thorough examination by specialists. We are glad to report that he is making steady improvement.
